

Connecting to Eduroam via Android

1. Select Eduroam in your WiFi settings
2. EAP type – select PEAP
3. Change the Sub-type to PEAPV0/MSCHAPv2
4. Enter your **full university email address** and password.
(N.B. If you see an Anonymous identity box – leave it blank).
5. Hit Connect.

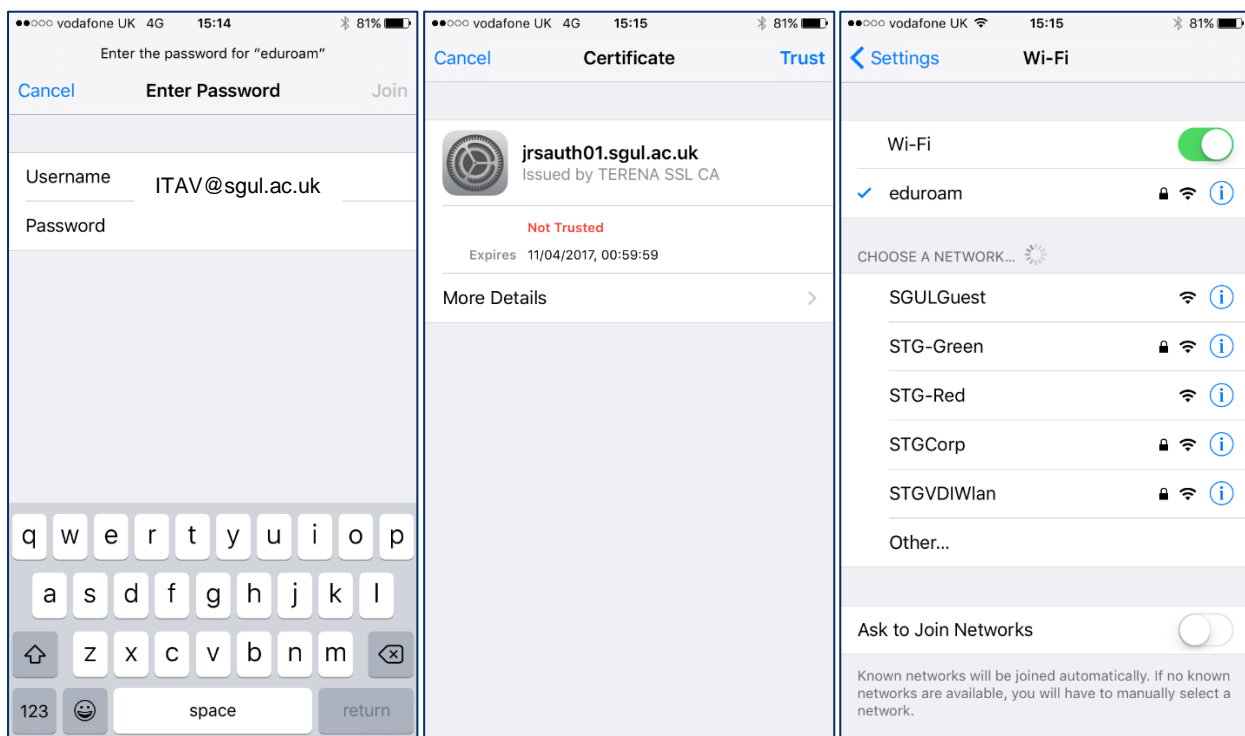

Still not working?

- Try logging on to the laptops to see if your password works.
- Contact ITAV@sgul.ac.uk to request help with mobile access.

Connecting to Eduroam via iPhone

1. Select Eduroam in your WiFi settings
2. Enter your **full university email address** and password.
3. The certificate will be shown; click Accept
4. You will be returned to the Wi-Fi Networks screen; this should show that you are now connected to Eduroam.
