A Guide to Library and Information Services 2017/18
Welcome to Kingston University Learning Resources Centres and St George’s Library.

Your Faculty is a partnership between Kingston University and St George’s, University of London.

As a member of the joint Faculty, you can use St George’s Library or the Learning Resources Centres at Kingston University. You will have an introduction to the services and resources provided by the University at which you are based, and many students also use the other University. If you use Kingston University’s resources, you use a Kingston identity (ID card, username, password). If you use St George’s, University of London resources, you use a St George’s identity (ID card, username, password).

Useful web addresses and key contacts for both Universities are available in this guide. If you have any questions about accessing and using the Library and Information Services at either University, please do get in touch with us.
Contacts
Kingston University
