Find e-books using Hunter

To access **Hunter** go to www.huntersearch.sgul.ac.uk

- To find books and e-books, select **Library catalogue** from the drop-down menu.
- Enter a keyword, and click Search.
- From the results, you can filter for just **e-books**, by selecting '**Show only Online Resources**'
- Click '**View Online**' to open the e-book.

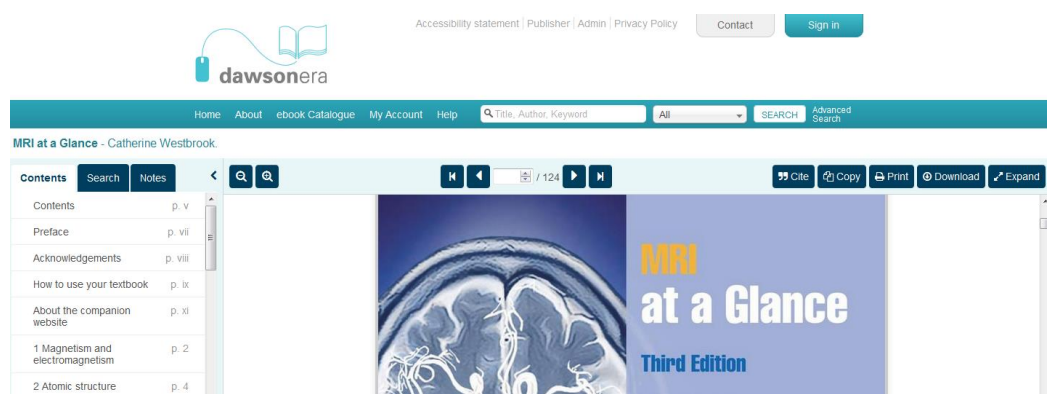

The screenshot displays the Hunter search interface. At the top, a search bar contains the keyword 'diabetes'. To its right is a dropdown menu currently set to 'Library Catalogue', which is circled in blue. Further right is an orange 'Search' button and links for 'Advanced Search' and 'Browse Search'. On the left side, there are three filter sections: 'Personalize your results' with an 'Edit' link; 'Show only' with 'Physical Items (275)' and 'Online Resources (71)', where 'Online Resources' is circled in blue; and 'Refine My Results' with categories like 'Resource Type' (Books, Dissertations/Theses, Journals, Other) and 'Subject' (Diabetes Mellitus, Diabetes, Foot, Endocrinology, Diabetes mellitus, type 2). The main results area on the right shows 'Results 1 - 10 of 306 for Library Catalogue'. It includes filters for 'Physical Items (275)' and 'Online Resources (71)'. Three book results are listed: 1. 'Diabetes' by Viswanathan Mohan and Ranjit Unnikrishnan, published by Jaypee Brothers Medical Publishers in 2016. It has a 'Click Locations tab to check availability' button and links for 'Locations', 'Details', 'SFX@SGUL', and 'Virtual Browse'. 2. 'Diabetes' by Josie Evans and Angela Scriven, published by Churchill Livingstone in 2016. It has an 'Online access' indicator (green dot) and a 'View Online' button circled in blue, along with 'Details', 'SFX@SGUL', and 'Virtual Browse' links. 3. 'Advanced nutrition and dietetics in diabetes' by Louise Goff and Pamela Dyson, published by Wiley Blackwell in 2016. It has a 'Click Locations tab to check availability' button and links for 'Locations', 'Details', 'SFX@SGUL', and 'Virtual Browse'.

Reading e-books

The Library has three main suppliers for e-books: Dawsonera, MyiLibrary and Oxford Medicine Online.

The layout of pages will look different depending on which supplier provides the e-book. All e-books have the option to read specific chapters, or search the book for relevant keywords.

Dawsonera

MyiLibrary

Oxford Medicine Online

FAQ

Can I print from e-books?

The usual copyright limitations for fair usage apply – i.e. you can print one chapter or up to 10% of a book or similar publication, whichever is the greater.

Each supplier is a little different on the limitations, but once you've reached the limit, you may not be able to print any more.

Can I download e-books?

Dawsonera allows you to download a whole book for a day/24 hours. You will lose access after this time but you can always go back and download the book again.

For MyiLibrary e-books, you may print or download a maximum of ten pages at a time until the copyright limit is reached, but you can keep the downloaded pages indefinitely.

With Oxford Medicine Online, you may download individual chapters up to the copyright limit, and may keep them indefinitely.

The e-books aren't displaying properly, what may be the problem?

If you are reading an e-book on your own PC, laptop or device it may depend on which version of Windows /Mac OS you are using, whether the browser is Firefox, Internet Explorer or Safari, and your cookie settings.

Try switching to a different browser, or deleting cookies and restarting the browser.
